BOBBINGTON JUBILEE CELEBRATIONS

1. Introduction

The airport will be hosting the Bobbington Village Jubilee Celebrations on Saturday 4th June 2022.

The celebrations will be from 15.00 hrs until 23.00 hrs utilising part of hangar 3 and the area between hangars 3W, 5E & 4E.

2. Impact on Normal Operations

The airport will be open and operating as normal although access to the hangars mentioned above will be restricted and some additional cordons will be in place.

3. Resident Owners

As part of the event the western half of Hangar 3 will be converted for the use of the event. It will be likely some residents will be asked if their aircraft can be moved to other locations to facilitate its use. Anyone wishing to access their aircraft from Hangar 3 must liaise with the RFFS by midday on Friday 3rd June 2022. This is to allow planning of the setup of Hangar 3W for the event.

Residents that have aircraft in Hangar 4E, 5E should be aware that access to the hangars **will not be possible** on Saturday 4th June 2022. Those wishing to access their aircraft during these times should make plans to have them re-positioned prior to the event.

Please note that requests to the RFFS team on these dates to move aircraft may take significantly longer than normal.

7. Queries

Requests for further information should be addressed to Brian Rawlings - Airport Manager

8. Cancellations

This OPNOT will lapse on 4th June 2022 @ 23.59hrs
